PROFESSIONAL SUMMARY

Results-driven Full-Stack Developer with hands-on experience in both frontend and backend development with a passion for building scalable, efficient web applications. Strong foundation in data structures and algorithms. Experienced in Agile environments, RESTful API integration, & deployed apps using Git.

TECHNICAL SKILLS

- Languages & Frameworks: Java22, Spring Boot, HTML5, CSS3, JS, PHP, Angular, REST API's, JSP, Servlet, Hibernate, JPA
- Databases: PostgreSQL, MySQL
- Build Tools: Maven, Gradle
- Tools: Git, GitHub, VS Code, Eclipse, Maven
- Other Technologies: AWS (EC2, S3, IAM, EFS), Postman
- Core Concepts: Data Structures & Algorithms, Full-Stack Development

PROJECTS

1. College Student ERP System (Spring Boot, MySQL, Angular)

A full-stack ERP system developed for college management, allowing admin and students to manage academic and personal data. The system includes secure authentication, student registration, course management, and report generation.

- Developed using Spring Boot (backend) and Angular (frontend).
- Implemented RESTful APIs for CRUD operations with Hibernate ORM.
- Integrated MySQL for persistent data storage and used Postman for API testing.

2. Vehicle Parking System (4 Weeks)

Web-based application to automate space allocation, track vehicle movement, and enable online payments. Designed for shopping malls, airports, and office buildings.

- Tech Stack: HTML, CSS, Bootstrap, JavaScript (Frontend), PHP, PostgreSQL (Backend)

3. Sandip Coaching Website (Jan 2024 – 4 Weeks)

A web-based application developed using Angular and MySQL to provide students and parents with comprehensive information about the institute.

4. Additional Projects: More projects listed in portfolio: [Portfolio Link](#)

EXPERIENCE

1. Java Development Intern – Cognifyz Technologies (Nov–Dec 2024)

- Developed Java-based applications enhancing proficiency in Core Java, OOP, and design patterns.
- Built small-scale Java projects focusing on code quality and maintainability.
- Completed a hands-on Java developer internship, gaining practical Java experience.

2. Java Development Intern – A2Z IT Hub Nashik (Mar-2025 Working)

- Developed Java-based applications for real-world tech experience.
- Certificate: [GitHub Repo](#)

EDUCATION

- MSc Computer Science – Pursuing (3rd Semester) | 1st year SGPA : 8.55
- BSc Computer Science – K K Wagh College, Savitribai Phule Pune University (2024) | CGPA: 8.38/10
- Higher Secondary Education (12th) – 71% (August 2021)
- Secondary Education (10th) – 78% (March 2019)

CERTIFICATIONS & COURSES

- Full-Stack Java Development – Symbiosis Skills and Professional University (SSPU)
- Full-Stack Java Development – ExcelR Technologies

ACHIEVEMENTS

- **Secured 2nd place in the Coding Competition** organized by A2Z IT Hub, Nashik (25 Feb 2025) demonstrating strong problem-solving skills and technical proficiency.

SOFT SKILLS & INTERESTS

Problem-Solving, Communication, Team Collaboration, Adaptability

Languages: English (Fluent), Hindi (Fluent), Marathi (Mother tongue)
